**FLOOD MITIGATION & CREATING ECONOMIC WATER RESOURCES.**

**Proposed By :**  
**Datuk Manogaran Vajuram**  
**Tel : 012-227 3101**

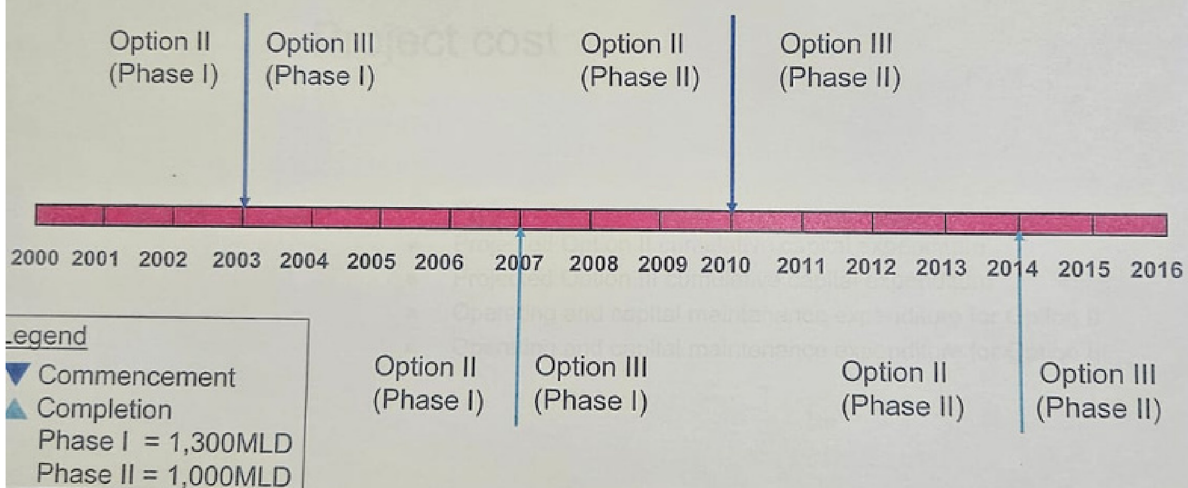

## Option I : Pahang to Sg Langat (via tunnel with Telemong Dam)

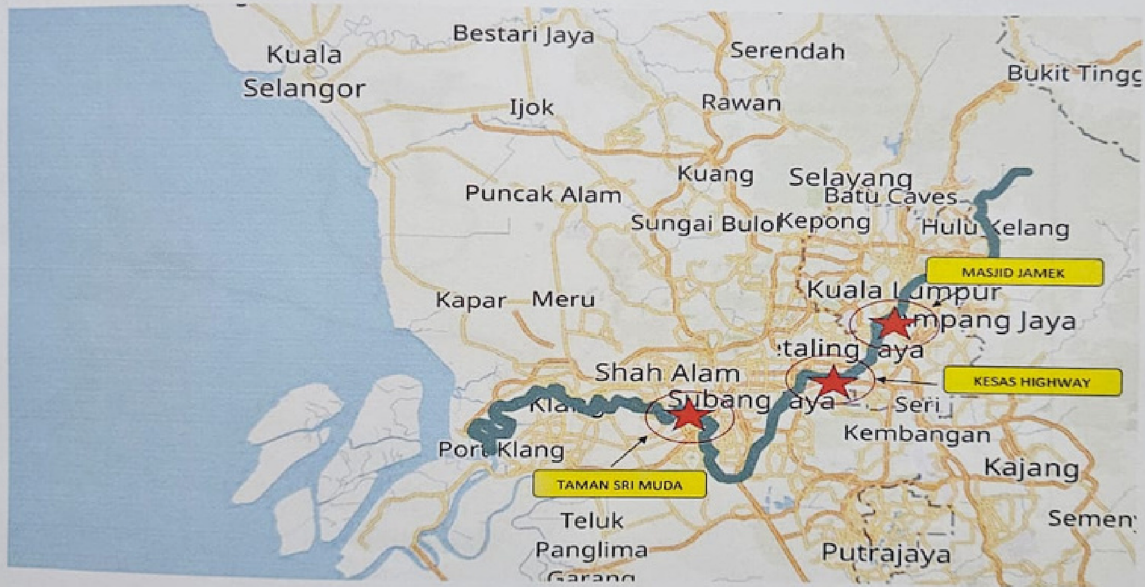

- Scheme is transfer of 2,300 MLD water from Pahang to South Selangor.
- Scope involves construction of
  - Kelau and Telemong dams;
  - Bentong Intake; and
  - 37.5 km of 5.2 m dia. tunnel to Sg Langat.
- Objection by various NGOs.
- Proposed funds from Japan. Funds were not sanctioned due to objections by NGOs.
- Estimated cost : RM 3.3 billion.
- Telemong Dam causes resettlement and environmental impact.

## Implementation Programme Options II and III

## FLOOD HOTSPOTS IN KLANG VALLEY
